

Acid Reflux Protocol (Item #7209)

A Healthy and Effective Wellness Management Protocol for Addressing Acid Reflux

Products included in this Wellness Protocol are:

- ① Reflux Reform (6255) – Acid Reflux Reformation Blend
- ① Quint-Essence (6111) – Whole Food Meal Enhancement Supplement

Protocol Overview

Acid Reflux disease (also known as gastro-esophageal reflux disease or GERD) is chronic symptoms or mucosal damage caused by stomach acid coming up from the stomach into the esophagus. Acid reflux frequently happens when the lower esophageal sphincter (LES) relaxes more often than it should or at inappropriate times, allowing harsh stomach juices to back up into the esophagus.

This Wellness Protocol brings together the traditional herbs and enzymes of our individual formulations to reduce the unbalanced secretion of stomach acids, sooth the esophageal sphincter, and to ensure that nutrients are properly digested.

Reflux Reform contains herbs used as traditional remedy for acidic stomachs. The Acid Reflux Protocol is strengthened by this product's ability to fortify digestive function, increase stomach secretions to assist with the breakdown of food, stimulate the appetite, and increase bile production.

Quint-Essence is added to this Wellness Protocol to enhance the digestion of nutrients. This complete, unique blend of ingredients acts as a food supplement, providing food enzymes which aid digestion, and pro-biotics for a healthy balance in the gastro-intestinal tract.

Note: Additional information for the above products is included in the subsequent datasheets.

Dosage Recommendations:

Reflux Reform: Take as directed on label

Quint-Essence: 1 Vegi-Cap for every 60 - 75 lbs of body weight at meals (Based on 3 meals daily)
